

EXCEPTIONAL AIRCRAFT MAINTENANCE SERVICE

Qatar Executive appointed as: Authorised Service Facility by **Bombardier**

As a Bombardier Approved Service Facility, Qatar Executive offers scheduled maintenance, repair and warranty services for the Challenger 604, Challenger 605 and the Global family of aircraft.

A team of highly qualified licensed engineers and technicians, factory trained by the manufacturer, ensure that all aircraft maintenance activities are performed to the highest standards.

Our in-house team of engineering specialists is dedicated to developing and optimising maintenance programmes that are tailored to the local environment and each operator's unique requirements.

Maintenance Work Packages are scheduled to minimise aircraft downtimes and achieve high aircraft utilisation rates.

Maintenance services are accomplished at Qatar Executive's modern hangar facility at Doha International Airport, which is designed to accommodate four Global and four Challenger aircraft simultaneously with its 6,400m² of hangar floor space and with a further 8,400m² of dedicate business jet apron and parking space.

Maintenance Certificates:

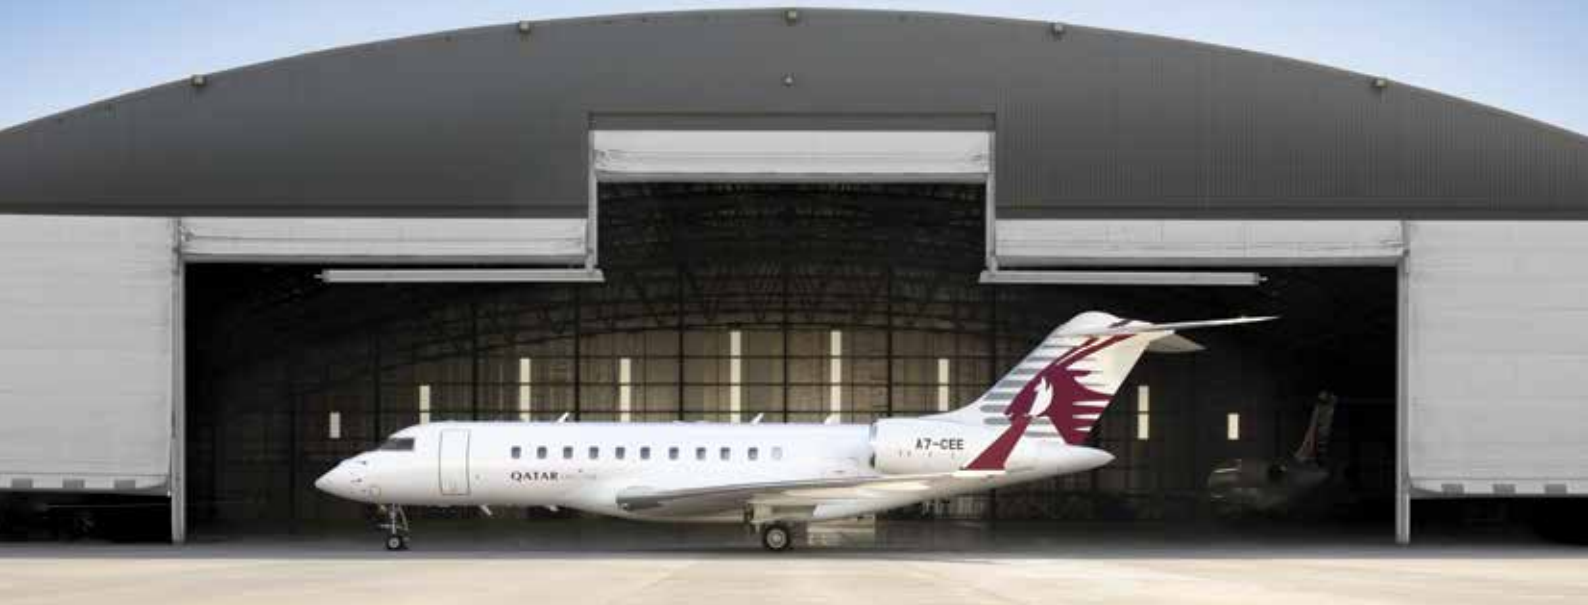

- EASA PART 145 approval
- Qatar Civil Aviation Authority Part 145 approval

For Maintenance, Repair & Warranty Service requests (24/7):
